

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application:

✓ Claim 1 (original): A disposable food delivery apparatus comprising:

- (a) a food container comprising a flexible bag;
- (b) a food utensil couplable to the food container; and
- (c) a cap couplable to the food utensil for covering the food utensil.

Claim 2 (canceled)

✓ Claim 3 (new): The disposable food delivery apparatus of claim 1 wherein the food container further comprises a collar on which the flexible bag is disposed such that there is no leakage of liquid or semi-liquid food between the flexible bag and the collar.

123 Claim 4 (new): The disposable food delivery apparatus of claim 3 wherein the flexible bag is attached to the collar by a heat seal.

103
Claim 5 (new): The disposable food delivery apparatus of claim 3 wherein the flexible bag is attached to the collar by an adhesive.

✓ Claim 6 (new): The disposable food delivery apparatus of claim 1 wherein the flexible bag comprises a plastic material.

A 4 103
Claim 7 (new): The disposable food delivery apparatus of claim 6 wherein the flexible bag comprises polyethylene.

103
Claim 8 (new): The disposable food delivery apparatus of claim 6 wherein the flexible bag comprises polypropylene.

✓ Claim 9 (new): The disposable food delivery apparatus of claim 6 wherein the flexible bag comprises a polymer.

✓ Claim 10 (new): The disposable food delivery apparatus of claim 1 wherein the flexible bag forms a vessel for holding food.

✓ Claim 11 (new): The disposable food delivery apparatus of claim 3 wherein the collar comprises an opening through which food in the food container can pass from the food container to the food utensil.

103

Claim 12 (new): The disposable food delivery apparatus of claim 11 wherein the collar further comprises a removable seal for sealing the opening.

✓ Claim 13 (new): The disposable food apparatus of claim 3 wherein the collar comprises a neck portion that is releasably attachable to the food utensil.

a f

✓ Claim 14 (new): The disposable food apparatus of claim 13 wherein the neck portion comprises a plurality of first ridges configured for releasably attaching the food container to the food utensil.

✓ Claim 15 (new): The disposable food apparatus of claim 1 wherein the food utensil comprises a bowl disposed on a funnel member, and the funnel member is disposed on a ring member.

✓ Claim 16 (new): The disposable food delivery apparatus of claim 15 wherein the funnel member comprises a rim configured for cooperatively engaging the cap for holding the cap over the bowl and funnel member.

✓ Claim 17 (new): The disposable food delivery apparatus of claim 15 wherein the funnel member comprises a channel for

receiving food from the food container and channeling the food to the bowl.

✓ Claim 18 (new): The disposable food delivery apparatus of claim 17 wherein the bowl comprises an opening and the channel ends at the opening in the bowl.

94 / Claim 19 (new): The disposable food delivery apparatus of claim 14 wherein the food utensil comprises an inner wall on which are disposed a plurality of second ridges configured for releasably engaging the plurality of first ridges disposed on the collar for forming a leak-proof seal for attaching the food utensil to the food container.

Claim 20 (new): The disposable food delivery apparatus of claim 18 wherein the cap comprises a housing that defines a chamber, wherein the cap comprises a side wall and a top disposed on the side wall, the top having a plug extending therefrom and configured for extending through the opening in the bowl and being received in the channel of the food utensil for closing the channel and preventing food from passing therethrough.

✓ Claim 21 (new): The disposable food apparatus of claim 16 wherein the side wall comprises an inner surface having a lower end

thereof, wherein the lower end of the inner surface is configured for cooperatively engaging the rim of the food utensil for holding the cap to the food utensil by friction.

127 Claim 22 (new): The disposable food apparatus of claim 1 further comprising a dehydrated food disposed in the food container.

127 Claim 23 (new): The disposable food apparatus of claim 11 further comprising a dehydrated food disposed in the food container.

127 Claim 24 (new): The disposable food apparatus of claim 22 further comprising a removable seal for sealing the opening.

✓ Claim 25 (new): The disposable food delivery apparatus of claim 1 wherein the food utensil comprises a tubular straw-like member disposed on a funnel member, and the funnel member is disposed on a ring member.

1 Claim 26 (new): The disposable food delivery apparatus of claim 25 wherein the funnel member comprises a rim configured for cooperatively engaging the cap for holding the cap over the bowl and funnel member.

a 4 Claim 27 (new): The disposable food delivery apparatus of claim 25 wherein the funnel member comprises a channel for receiving food from the food container and channeling the food to the tubular straw-like member.
